My experience at EIS Cambridge has been extremely delightful since the past year. The Cambridge curriculum here has helped me grow as an individual. This wouldn't have been possible without our wonderful headmistress who provides us with endless support as well as our industrious teachers who are there with us at each step and of course the enthusiastic peers who have always motivated and supported me.

Elpro International is truly a powerhouse of learning. We have good teachers, decent staff, decent amount of space and the best part is that, there is a unique way the teachers teach-giving real life examples. Teachers are very kind, are not strict and angry. They are very warm, kind, caring and make up wonderful ways to address our doubts and questions. I am glad I am a part of Elpro International School.

Parent's Testimonials

It is the fourth year of our journey with the Cambridge team, and we have seen Yashaj blooming into a capable, confident, compassionate person, he is now more aware, expresses himself and has a wider worldview. Loads of gratitude to the educators, who have gently nudged him towards this, the student to teacher ratio is amazing, so is the pedagogy and the course material.

Both Rati and myself look forward to continuing this journey.

Mr. Paritosh Shukla
(Parent of Yashaj Shukla)

As a parent, I do check his understanding of different subjects and he is able to understand all the concepts very well. The fear of transition from ICSE to IGCSE was made comfortable by the teachers and I am grateful to the teachers and happy on my decision of choosing Elpro school for my son.
