

ELPRO  
FIRST  
STEPS

nurturing young

minds for a better

tomorrow...

Dear Parents,

I am thrilled to welcome you and your children to our Preschool program here at Elpro First Steps. As a Head of the School, I wanted to share a few words about what you can expect from our school. We believe that every child is unique and possesses incredible potential. Our dedicated teachers and staff are committed to nurturing this potential and creating a safe, inclusive, and stimulating learning environment.

Preschool is a crucial first step in your child's educational journey, and we take this responsibility seriously. In our preschool program, we focus on developing essential skills such as literacy, numeracy, and social-emotional growth. We embrace a hands-on and play-based approach to learning, which allows children to explore, discover, and build a strong foundation for their future education. Communication between home and school is vital, and we encourage open and transparent dialogue.

Please feel free to reach out to us with any questions or concerns you may have throughout the school year. I look forward to partnering with you as we embark on this exciting journey together. Together, we can provide your child with a solid educational foundation that will last a lifetime. Thank you for entrusting us with your child's education.

Warm regards,  
**Dr Amrita Vohra**  
Head of the School

# ELPRO FIRST STEPS

## VISION

To inspire curiosity, independence and a lifelong love for learning in our bright and happy children by engaging their minds in meaningful activities as they become independent thinkers.

## MISSION

To provide a broad and balanced international curriculum to support individuals; and allow students to achieve their full potential. We also strive to provide an optimal learning environment for children as they prepare for a life of principles and virtue. We strive to instill in our students the skills and confidence to meet the challenges of self, family, community and the world at large.

## OUR AIM

- To provide a safe, secure and stimulating environment.
- To provide high quality care and education for pre-school children.
- To work within a framework which ensures equality of opportunity and values diversity for all children and their families.
- To provide a structured curriculum for each child through the play based education incorporating the Early Years Foundation Stage.
- To work in partnership with parents to help children learn and develop and add to the well-being of our community.

# EFS PROGRAM

- The EFS program offered by EIS is truly unique. We combine the best of preschool learning concepts with the widely acclaimed Montessori Education System.
- We believe in recognizing the uniqueness of each child and works towards identifying and enhancing the latent talent in them.
- We make learning easy with active and passive activities. A great emphasis is given on reading, writing and math readiness.
- We inspire a child's individuality and creativity.
- Learning through wide variety of age appropriate toys.
- Encourages healthy eating habits and sharing & infuse positive values in a child.
- Age appropriate activities are introduced which makes learning easy and natural.
- Letters, numbers, colors, shapes etc. taught in everyday activities.
- Self paced & stimulating environment provides a wide variety of active learning experiences.
- Unique methods of delivery.
- Emphasis on free play.
- Child centric activities.
- Children are exposed to experiential learning.
- Follow a typical day schedule.

**EFS Curriculum is embedded with activities and has learning centers that tap on all the skills of children, maximizing brain development**

## OUR FOCUS

- Emphasis on experiential & joyful learning.
- Building confidence.
- Focus on readiness along with focus on the 3 R's- Reduce, Reuse, Recycle.
- Multi-sensorial approach.
- Print & visual rich learning environment.
- Early mental stimulation.
- Activities designed according to developmental needs.
- Exposed to a wide variety of activities with freedom to choose and participate.

# LEARNING CENTERS OF EFS

## LEGO WALL

The child learns simple math and number concepts like half, full, empty, before, after, counting and measures.

### Physical skills

- Gross Motor skills–Lift and move blocks.
- Fine Motor skills–Eye hand coordination, Pincer and Palmer grip.

### Language skills

- Learning vocabulary for concepts of form, size, location and relationship.

### Mathematical skills

- Counting, matching, sorting, grouping, adding, subtracting, weight, length, sequencing.

### Social skills

- Sharing, waiting for turns, developing a positive attitude.

200 sq ft of Lego Wall

## ART CORNER

- The child explores the concepts of colors, shades, textures and enjoys with paints, chalks and plays with gum and paper.
- Explore medium and materials.
- Pincer and palmer grip.
- Express thoughts and ideas.
- Eye hand coordination.

# MONTESSORI LAB

The Montessori Lab is designed to provide a variety of constructive learning experiences to the children in a stress free environment.

- Child directed teaching / activities.
- Developing imagination.
- Socializing skills.
- Verbalize thoughts which leads to conversation.
- Children exposed to a wide variety of activities with freedom to choose and participate .
- Children get a chance to plan .
- Exercise of practical life.

**800 sq ft of Montessori Lab**

**3000 sq ft of Rooftop Area**

# TERRACE AREA

- Providing the much needed green space for optimizing learning.
- Science has proved that green spaces prove to be a stimulus for brain development in children.
- Being in green spaces also has its health benefits.
- Children who are exposed to green spaces are generally happier.

## LUMINESCE (Light Room)

- Children learn best when they are actively engaged in exploration. The light studio at the school is an epitome of learning through play. The children get an opportunity to marvel at the colours and shadows. This environment at the studio inspires and supports creative thinking.
- **Mathematical concepts** can be developed. Children are able to solve problems using the manipulatives they understand seriation and sequencing
- **Cognitive skills** children express themselves better enhanced concentration levels
- Physical skills it helps develop their fine motor skills enhances eye hand coordination
- Sensory development by way of touch and feel

## CLASSROOMS

The EFS classrooms are fertile grounds for children to explore, investigate, discover, inquire and learn through an intuitive methodology.

- Self identity and self confidence.
- Group activity.
- Concept building.
- Platform for setting the day's activities.

## Percussion imported from Sweden

## MUSIC CORNER

- The best percussion equipment straight from **Sweden**.
- **Researchers** have found that music has a positive impact on child development.
- Singing songs playing instrument to children will teach them about beat, tones and lyrics which are important in developing **auditory discrimination**.
- The use of instruments will promote **fine motor** development and encourage creative development.
- Creative movement helps children learn many concepts such as **balance, coordination, rhythm**, and is also an important tool for developing self- esteem and body awareness.
- Enhances listening skills, helps in improving memory and increases attention span.

## SANDPIT

- Development of fine motor skills
- Eye & hand coordination.
- Promote creativity and imagination through role and developing stories.
- Sensory Development of the sense of touch.
- Language development – playing with sand is a social activity requiring speaking and listening, also developing vocabulary.
- Practising and experimenting with language.

## PLAY AREA

The equipment is designed keeping in mind the safety and security of children.

The play area is not just meant to be a transitional area for your child between school and going home! The simple act of playing has the ability to hone fine and gross motor skills. It is the most fundamental way of learning where children get exposed to new concepts and ideas through individual or social effort. It is also one of the key areas for your child to explore their social side, as they can interact and play with peers without the presence of schoolwork.

## Best make of Play Stations from UK

## EARLY LEARNING CENTER

Where children grow in mind and spirit

Transport facility available during the day

Centrally located. In the radius of 6 km from all major areas- Pimple Saudagar, Wakad, Akurdi, Nigadi, Pimpri
