THE IB CAREER-RELATED PROGRAMME

Education for a better world

SCHOOL VISION & MISSION

VISION

To be the premier educational institution that provides its learners with an environment that inculcates a growth mind set, instil universal values and to equip them with high Emotional Intelligence and technological skills to face the 21st Century. Elpro International School would like to, build a community of mindful, impactful and empathetic world leaders.

MISSION

Our Mission is to ensure that our learners achieve personal excellence and are ready for a technology-driven world, with futuristic skills. We strive to make strong individuals, who are energetic, respectful, empathetic and focused, embarking on a journey of possibilities without the fear of failure.

THE IB MISSION STATEMENT

The International Baccalaureate® aims to develop inquiring, knowledgeable and caring young people who help to create a better and more peaceful world through intercultural understanding and respect.

To this end the organization works with schools, governments and international organizations to develop challenging programmes of international education and rigorous assessment.

These programmes encourage students across the world to become active, compassionate and lifelong learners who understand that other people, with their differences, can also be right.

WHAT IS IBCP EDUCATION?

The IBCP provides a unique blend of academic excellence and career-focused learning, preparing students for success in their chosen fields. It emphasizes critical thinking, practical skills, and a deep understanding of the real-world applications of knowledge.

In the IB Career-related Programme (IBCP), students undertake a combination of Diploma Programme (DP) subjects alongside career-related studies. The DP subjects within the IBCP typically follow a standard DP curriculum, with students choosing three or more subjects from different groups such as Language and Literature, Sciences, Mathematics, Individuals and Societies, and The Arts. The IBCP emphasizes a balanced education, ensuring that students receive both academic rigor and specialized skills relevant to their chosen career paths.

THE IB LEARNER PROFILE

Our IBCP students embody the IB Learner Profile, reflecting attributes such as being Inquirers, Knowledgeable, Thinkers, Communicators, Principled, Open-Minded, Caring, Risk-Takers, Balanced, and Reflective. This profile ensures a holistic development that prepares students for both academic and professional success.

IBCP FRAMEWORK

Elpro International School proudly presents the International Baccalaureate Career-related Programme (IBCP), a unique educational pathway that combines academic rigor with career-focused specializations, preparing students for success in the rapidly evolving world.

AFFILIATIONS WITH WACP FOR CAREER-RELATED STUDIES

Elpro has partnered with the World Association of Career Professionals (WACP) to offer specialized career pathways. This collaboration ensures that our IBCP students receive industry-relevant training and guidance, setting the stage for successful careers in these dynamic fields.

IB CAREER RELATED STUDIES OFFERED FOR IBCP STUDENTS:

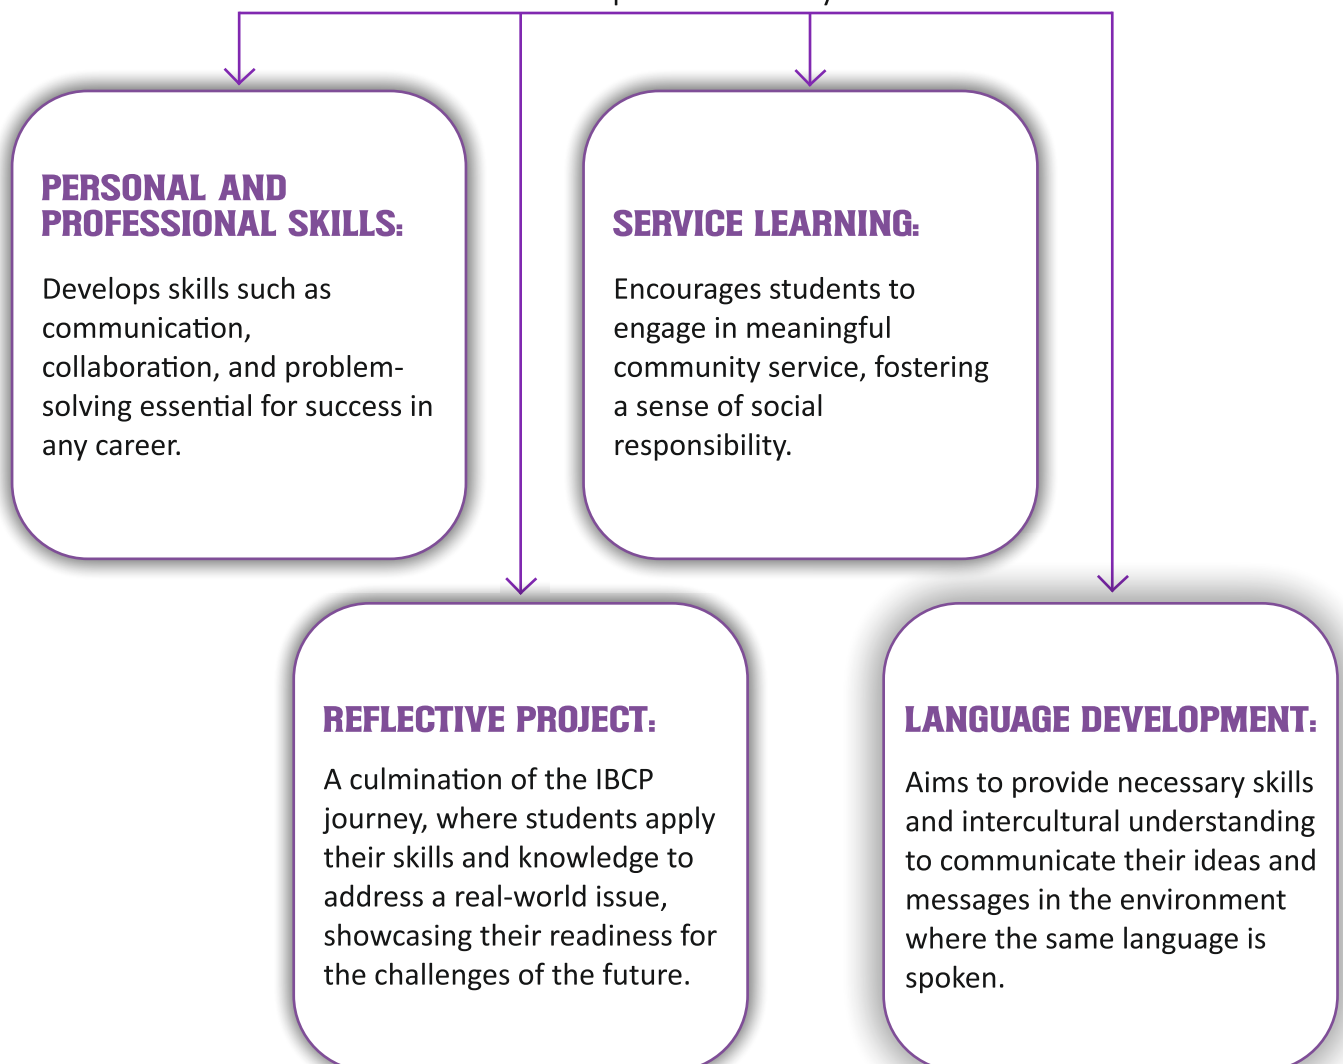

- Artificial Intelligence
- Business Administration
- Film Making and New Media

IBDP SUBJECT CHOICES:

Students are encouraged to opt for English Language & Literature at SL level along with two additional subjects at either HL or SL from the diverse subject groups available in the IB Diploma Programme. This program offers flexibility, enabling students to tailor their choices according to personal interests, strengths, and future academic or career goals. When selecting subjects, it's crucial for students to consider the specific requirements of their intended universities or colleges to ensure their chosen combinations align with those expectations.

IBCP CORE

The IBCP Core comprises of four key elements:

IB DIPLOMA SUBJECTS OFFERED FOR IBCP STUDENTS AT EIS

At EIS a wide range of subjects from the IBDP are open for IBCP students to fulfil the requirements of the IBCP Programme

Mandatory	Two from any subject Groups mentioned			
GROUP 1 Language & Literature	GROUP 3 Individual & Societies	GROUP 4 Sciences	GROUP 5 Mathematics	GROUP 6 The Arts or any subject from Groups 3 and 4

PARENT'S TESTIMONIAL

As a parent I always judge the school on four core competencies like academic curriculum offered, teaching systems & processes implemented, extracurricular activities promoted and not the least the school infrastructure. And based on this I can vouch that ELPRO International School satisfies me on all four competencies. I am happy to see that my kids are progressing academically and also developing their personality which is a very critical aspect in today's competitive world.

My best wishes to team ELPRO International school for keeping up the same standards & progressing further.

-Mr. Deepak Desai

READ WHAT OUR STUDENTS HAVE TO SAY

Tamsa Menghrajani
IBCP Batch of 2024

It has been more than a year that I started my journey in the IBCP programme, and it has been an enriching one. Joining the esteemed ranks of Elpro marked a significant turning point in my life, primarily catalysed by my enrolling in the IBCP curriculum. This decision not only expanded the horizons of my opportunities but also cultivated an open and adaptable mindset. Opting for Business Administration as my Career Related Study (CRS) and choosing Economics, Psychology and Sports Exercise and Health Science as my DP subjects has been nothing short of exceptional along with the CP core subjects, that have provided me insights into my own persona through activities and reflections. My time at Elpro has also been characterised by the exceptional support of my facilitators who went beyond their roles, nurturing both academic growth and personal development. It is the cumulative effect of these experiences that have fostered an open mindset, readiness to embrace uncertainties and an eagerness to explore new avenues.

DR. PALLAVI MUKHERJEE

Assistant Principal, EIS
& IBCP Coordinator

The EIS Banner has been flying high since Elpro Trust established its first school in the year 2011

We believe that if we teach today's students like we did yesterday's, we rob them of their tomorrows, as John Dewey correctly stated. Therefore, it has been our endeavor to evolve ourselves as much as we would want our children to. With this progression in mind, we added CAIE in 2018 and are pleased to announce the introduction of IBCP curriculum from the year 2021. This latest addition of the International Baccalaureate Diploma Program is for all students completing their grade 10 in CAIE, CBSE or any other national board, and is a rigorous, widely acclaimed two year course that provides excellent depth and breadth of knowledge to the 21st century citizens that we are nurturing today. These students will be exposed to a pedagogy that allows and enables physical, intellectual, emotional and ethical development in the context of our local environment with a global mindset. I am excited at this development and am positive the team at Elpro will impart this methodology to its fullest ideals.

The success of Elpro International School can be attributed to our ability to continually identify and respond to ever changing demands across the rapidly rising school education sector. It is a great honour and privilege to be a part of this Institution, which endeavours to delve deeper into the true purpose of education.

We at Elpro International School understand the rigour that is required for every student, to excel in the Career Programme of the International Baccalaureate. The IB Career Programme (IBCP) is recognized as a world-class college preparatory program where students are challenged to become independent inquirers through a rigorous curriculum that emphasizes the global nature of learning. It comes with the benefit to acquire and further nourish the right skill sets for the decided career choices. Elpro International School would offer a choice between Artificial Learning, Sports Management and Film Making for the Career Related Studies to the IBCP students.

The IB Career Programme (IBCP) is for any student who has a love of learning and exploration, who likes to be challenged, and who is willing to put in the work to be successful. In addition to a varied curriculum, IB students learn time management, work ethic, writing skills, and perhaps most importantly, critical thinking.

We look forward to you and your family becoming part of our international community of learners.
